# RESEARCH DEVELOPMENT
## *Office of the Vice President for Research*

The Research Development team at the University of Virginia is a strategic resource for promoting research development across the Grounds. As part of the Office of the Vice President for Research, our mission is to help UVA researchers identify funding opportunities, form effective teams, and develop successful proposals. We provide services that add value to those of our partners across the Grounds and emphasize support for interdisciplinary research with the ultimate goal of increasing the quality and quantity of externally funded research at UVA.

## Services

https://researchdevelopment.vpr.virginia.edu/services

### Coordination of Large Collaborative Proposals

Help coordinate the development of large and multidisciplinary proposals, including:

- Proposal management for large, cross-disciplinary proposals
- Development of timelines, templates, and general knowledge for various components of the application
- Serving as liaison or point-of-contact

### Proposal Development Resources

Provide resources for proposal planning and development, including a library of successful proposals from UVA as a resource for research development across the Grounds

**Successful Proposal Library**:
https://researchdevelopment.vpr.virginia.edu/proposal-library-netbadge

### Webinars & Training

Provide and coordinate training and workshop opportunities in research development

**Example**:  NIH Webinars – pilot webinar series on navigating NIH grant proposal through a series of online training courses

### Limited Submission Opportunities

Lead the coordination of limited submission opportunities from outside sponsors

- **Limited submission competition page**: https://virginia.infoready4.com/#homePage/148
- **Sign up for email alerts**:  send an email to lso_announce-request@virginia.edu with the word **subscribe** in the Subject heading (no capital letters or punctuation in the Subject heading).

### Research Development Tools

Enhance the resources across the Grounds by licensing, managing, and providing training on a variety of research development tools:

- Funding Discovery Tools and Training
- Research Development Management Tools
- Competition Management Tools

### Faculty Recognition

Provide guidance and assistance to Schools and faculty regarding select prestigious honors and awards, e.g. the National Academy of Inventors, Elected Fellows of the American Association for the Advancement of Science, and the American Academy of Arts & Sciences

### Liaison to External and Internal Partners

Serve as liaison to several external and internal partners, including:
- integrated Translational Health Research Institute of Virginia
- Oak Ridge National Laboratory
- The MITRE University Innovation Exchange Program
- The Medical Technology Enterprise Consortium and the Medical CBRN Defense Consortium
- The National Academies of Science, Engineering, and Medicine
